

"What are FQHCs  
(Federal Qualified Health Centers)  
and What do They Do?"

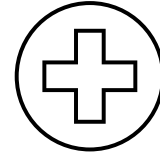

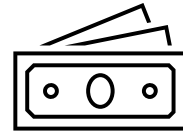

**BROOKE LATTIMORE, MBA**

**CHIEF OPERATING OFFICER  
HEALTH & WELLNESS CENTER, INC.**

# PRIMARY MISSION OF ALL HEALTH CENTERS

- Non-Profit and Patient-Governed
- Provide High Quality, Comprehensive Care
- Serve America's Medically Underserved
- Serve All Patients Regardless of Income or Insurance Status

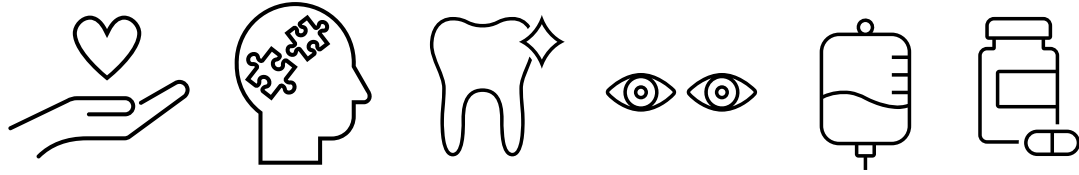

# HEALTH CENTERS

## NON-PROFIT

All FQHCs/CHCs (Community Health Centers) are deemed not-for-profit in their respective states and have 501c(3) status.

## PATIENT-GOVERNED

All FQHCs are governed by a volunteer Board of Directors that must be at least 51% or more patients that use the health center services. They represent all sectors and the communities served.

## HEALTH CENTERS

- All FQHCs provide:
  - Primary & Preventive Medical Care
  - Behavioral Health Care
- Many provide:
  - Dental
  - Optometry
  - Substance Use Disorder Treatment
  - Pharmacy Services

# HEALTH CENTERS

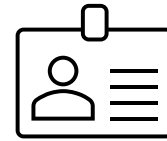

- In 2021, FQHCs served over 30 million patients
  - More than 1400 FQHCs
  - More than 14,000 locations across the country
- 1 in 11 Americans are Health Center patients
  - 20% are uninsured
  - 59% are publicly insured
  - 90% are low-income
  - 65% are member of racial and/or ethnic minority groups
  - 42% live in rural communities

# HEALTH CENTERS: FIGHT AGAINST COVID 19

- Provided 20 million Covid Tests
- Given 22.2 million Covid Vaccines

# DRIVERS OF ECONOMIC GROWTH

270,000 EMPLOYEES

\$63 BILLION OF ECONOMIC  
ACTIVITY GENERATED IN  
COMMUNITIES SERVED

\$24 BILLION IN SAVINGS TO  
THE HEALTHCARE SYSTEM  
ANNUALLY
