What is an FQHC

- **FQHC = Federally Qualified Health Center**
 - Provides primary care services to underserved areas
 - Must provide a sliding scale discount program
 - Must see all patients regardless of their ability to pay
 - Board must be comprised of 51% patients of the health center
 - **Must Provide Access to**
 - Medical (Family Medicine, Pediatrics, Women's Health)
 - Dental
 - Behavioral Health
- **Federal Grant Funds to Cover the Cost of the Uninsured**
 - Variety Care sees approximately 20,000 uninsured patients each year
 - Grant funds cover the cost of approximately 9,500 patients
 - Leaving over 10,000 patients that have little to no support

Communication, patient education and information toward health and wellness

Discounted Pharmacy

Help and connection with medication assistance and other social services to get well

Mental Health, Dental, and Vision as part of primary care

The Patient Centered Medical Home (PCMH) Care Model

Variety Care History

- **1932 – Variety Health Center**
 - Established by the Junior League during the great depression serving women and children – became a strong United Way Partner in 1960
- **1996 – Oklahoma Community Health Services**
 - Southeast Area Health Center received FQHC designation and later became Oklahoma Community Health Services, moving to our Straka location AKA mothership
- **2009 - Variety Care**
 - Developed from a merger between Oklahoma Community Health Services and Variety Health Center – both with a shared history of serving low income families
- **2018 – Variety Care Expands**
 - Expanded Services into Old Britton, Reno Avenue, Yukon, Anadarko, and most recently in the Putnam school district for a total of 20 delivery sites
